**Re:** City of Frisco SRA

---

As you may be aware, the City of Frisco has been awarded \$108,825.00 in grant money through the 2008 Urban Area Security Initiative grant program from the Department of Homeland Security.

We have projected these funds to allow us to purchase hazardous material identification equipment and interop communication abilities amongst the hazardous material teams within our region. Chief Paul Siebert is a member of the Regional Hazard Sub-Committee and these items were collectively agreed upon within the group.

In order for this grant to be activated, the Notice of Sub-recipient Award must be "signed by an individual authorized by the governing board of the jurisdiction or organization". We respectfully request that this item be added to the agenda so council may consider authorizing the signature. If you have any questions, or require further clarification please feel free to contact me.
